OVERVIEW

ARGENTO was custom ordered and delivered to the current & only owner she has had since new. Privately owned and never chartered with only 960 hours on her engines.

Extremely well cared for ARGENTO represents excellent value for a buyer looking for a yacht that will fly through survey with no issues. She was just launched last month after completing her winter works & a new bottom job so she is turn-key with all services up to date ready to cruise for the summer season.

ARGENTO is Hull #4 of the popular Ferretti Custom Line 124 series and as you will see from the attached options & technical details she has more options than any other 124 that has been delivered including the fold down balconies off of the main salon creating an alfresco feeling to the entire main deck.

She sleeps 10 guests in 5 cabins including a spacious on-deck master ensuite located forward on the main deck. You can find the additional 4 guest cabins located on the lower deck all of which are en-suites & one cabin converting to a crib great for families with small children.

Crew accommodations are found forward on the lower deck and are accessible through private access off of the galley.

A large tender garage back aft has a large garage door that opens up converting the space to a beach club. A great location to enjoy time close to the water with easy access to the tenders & toys.

WALKTHROUGH

Starting all the way aft you have a full beam teak swim-platform and large tender garage with door that folds open transforming the area into a beach club. Garage houses tender + jet ski and plenty of storage for additional water sports toys.

Walking up to the aft deck via one of two sets of staircases located to port or starboard you enter to a large lounge area with built in settee, couch and two oversized chairs comfortably seating up to 12+ guests. Full walk arounds lead up to the bow area that has a large U-shaped sitting area with high-low table and canvas bimini that tucks away when not in use. Access to your ground tackle and forepeak complete the space.

Moving forward into the main salon from the aft deck you enter a gorgeous open concept salon area. Satin finished teak is found throughout the interior with natural earth tones and white washed large plank oak flooring. Large sliding doors in the middle of the salon to port and starboard open up connecting the fold down balconies giving a great cross breeze and alfresco feel to the entire area. Love this space.

Forward from here you have your formal interior dining area with access to the galley forward to port and a companionway to starboard that leads to your main guest foyer, central staircase that takes you either up to the skylounge/wheel house or down to the guest accommodations. Here you will also find the main deck day head. All the way forward is the private master en-suite with great natural light from large windows.

Heading down to the guest area you have 4 cabins sleeping 8 guests all en-suite. Beautiful custom stone is found in each bathroom.

Heading up to the upper deck you have the wheelhouse that has great visibility and a sky lounge. Love this deck as it has such good flow. You have a nice interior U-shaped couches and sliding doors that open up to your main exterior dining thus combining the space into one all of which is shaded. Stairs lead up to the upper 'Sky Deck' that has a massive sun pad and small upper helm great for driving at 25 knots feeling the wind in your face.

Continuing aft you have a sundeck that is similar to the size of one you would typically find on a much larger yacht. Couches, lounge chairs, bar area, etc etc. Due to the tenders being kept in the garage this space is never interrupted by crew and will be your main exterior gathering place.

Overall the entire yacht is beautiful and years ahead of her time with the sexy profile lines to satin wood decor and large flowing spaces.

ARGENTO is a prime example of what the Ferretti Custom Line 124 is all about and you will not find a cleaner option in this segment of the market available for sale.

Professionally & privately owned and operated since new, low engine hours, tasteful decor, timeless elegance, and available for immediate purchase.

DESCRIPTION.

ARGENTO is a rare tri-deck semi displacement yacht under 40m. She combines striking lines, large deck spaces, a comfortable and tasteful interior, fold out balconies and a large swim platform. Master stateroom on the main deck and four spacious suites on the lower deck, all featuring large windows and ample natural light.
